# Direct import

In 2023, we started importing wine.

This is a very significant stage in our development. The team of specialists personally visited the largest international exhibitions to taste thousands of samples and select the most unique and interesting wines.

Some of those with whom we cooperate:

- Conte Guicciardini
- Agega Guimaraes
- Cantina Borga
- Ca` De` Medici
- Domaine Allimant-Laugner
- Lamborghini
- Mosqueteros
- Casa Mariol
- Castell d`OR
- Stengel
- Pirani

**Many of our supermarkets have special spaces with wines and cavists who always ready to help with the selection of drinks for special occasions.**

# FAQ

## How do the sanctions affected payment?

Our banks servicing foreign exchange contracts are not under sanctions and continue to work regularly despite restrictions on a number of banks.

Therefore, we can pay for goods without any restrictions.

## Is it possible to export goods to Russia?

There are no prohibitions on the export of food and non-food consumer goods to Russia on the 2025.

## Will the goods be allowed through at the borders? How is the logistics situation?

Since 2014 (when we first started importing goods and making international purchases) and until now, we deliver all goods through a large logistics company that has many partners in different countries.

This company provides all logistics procedures, including insurance of goods. The cargoes, which are contained the consumer Goods, are delivered to Russia without restrictions.
